Follow the above process as in your cases, just download the serial number and activation code given in your process. Once done, run the autocad serial number and activation code checker application that is provided with autocad (follow the instructions in the program) to check your current autocad serial number and activation code. If you don't see your product serial number or activation code, then that means your serial number or activation code has expired or you have recently purchased a new one. If that is the case, then you have to follow the steps below to get the new serial number or activation code for your new product. Go to the registration website of autocad (and enter your Autodesk Account name and password to login. You will see a page, where you have to signup for a new product. You can download new autocad serial number and activation code if you signup. If you already have an account then login and follow the below instructions: Go to the order status page (and select your order. You will see a page where you will have to select your type of product (Desktop / Professional / etc.). After selecting your product type, you will have to select your product. Here you can search your product using keyword like "qcode", "serial number", "product code", "part number", "model number", "manufacturer" and so on. After selecting the product, a list of products of your product will appear in a table. Select the one that you want to get serial number or activation code. You will have to select the product model and enter the model number in a search box. You can also search for your product based on a part number. In this case, you will have to enter the part number in a search box. Select the option "Get Serial Number or Activation Code" You will have to enter your Autodesk Account name and password to login. After login you will have to enter the serial number and activation code that is given to you earlier. Click on "Get Serial Number or Activation Code". The serial number or activation code will be displayed in the next page. 82157476af
